# GET A LIFE

This is a song about guys who write songs about writing songs on the road ° Wasting away their hard travelin' day carrying their heavy load ° It sure is a load, but these bandits and thieves and bull riding cowboys ride roads ° This is a song about guys who write songs about writing songs on the road ° Get a life ° Man, get a life ° I gotta stop singing along while you're singing your songs and get a life ° Get a life ° Come on now get a life ° Stop singing your songs about singing your songs ° Get a life ° This is a song about guys who write songs about writing songs about a girl ° It's a struggle to say but they'll find a way to rhyme-o-lime another girl ° She half his age and there's many more ways to rhyme with woman that's more maturl ° This is a song about guys who write songs about writing songs about a girl ° Get a life ° Stop singing your songs about singing your songs while I'm singing along to singing your songs ° Get a life ° Man up! ° Get a life ° So come on now I'll show you how ° I'll get you straight ° There's no time to wait ° We'll find you four kids and we'll keep 'em all hid behind your front door and that mountain of chores and when we get you your wife and your whole new gosh darn life Gimme yours

# HAPPY LIKE YOU

Why can't I be happy ° Why must I be blue ° So many things in the world that I want  
So many things it hasn't got ° Why can't I be happy like you ° They say the meek will  
inherit the earth ° Well I've been on line since momma gave birth to me ° Standing  
single file ° I don't wanna seem I'm holding a grudge but I'd swear to God this line  
hasn't budged and I hate to think it's my birth right ° Happy like you ° Happy like you  
° Why can't I be happy like you ° So many things in the world that I want ° So many  
things it hasn't got ° Why can't I be happy like you ° They say the grass ain't greener  
over there but that side of the fence you can't compare to me ° I'm renting this here  
dirt ° I don't mean to be hostile or rude but frankly friend I'm tired of these blues and  
I aim to shake them off before I'm dead ° Why can't I be happy ° Why must I be blue  
° So many things in the world that I want ° So many things it hasn't got ° Why can't  
I be happy like you

# BETTER DARK THAN DIM

This one's a little dark ° But better dark than dim ° So you go console her while I tear into him ° They tell me my creativity is a wonder ° Yeah as in "I've had so little success I wonder why I still do it" ° I know I'm a dreamer ° When I wake up I know what's real Things are far better than they are in any of my bad dreams ° Don't look at me in that tone of voice ° The man left me with no other choice but to stand and tear into him Better dark than dim ° I set my bar high so its easy to walk under ° You wouldn't want to hit your head on one of those ° My shins take the brunt of yours every day so I know Don't look at me in that tone of voice ° The man left me with no other choice But to stand and tear into him ° Better dark than dim ° In our difference is where all the flavor lies ° Funny enough, the flavored lies is how they keep us apart Don't look at me in that tone of voice  
The man left me with no other choice but to stand and tear into him  
Better dark than dim

“How does someone get the Blues living in Connecticut?”

Fair enough question, however...

Anywhere you SEE with your eyes wide open... you get the Blues.  
Anywhere you THINK with your mind wide open... you get the Blues.  
Anywhere you FEEL with your heart wide open... you get the Blues.

So the question is not, “How do you get the Blues?”

The question we must ALL ask ourselves is, “Am I going to let the Blues get me?”

Sure, I Get The Blues  
Get A Life  
Happy Like You  
I Can't Love Her Any More  
Bravo Sierra
